

Harvest Festival Sponsorship 2016

Now in our fifth year, the Junction's Harvest Festival has become a favorite event for West Seattle. With California Ave closed, the streets are filled with colorful farmers and local vendors, fun art activities for kids brought by the community, plus a costume parade lead by West Seattle High's marching band. The Harvest Festival is good community fun!

Much of this event is free to guests and participants, yet there are still significant expenses to close the streets and produce a safe event. Please help to make this event possible by becoming a sponsor.
