Harvest Activity Booth Application

West Seattle schools, non-profits, and businesses are invited to provide a Harvest Activity for kids in the neighborhood.

This will help make a fun and healthy event for our community!
The applicant will provide the materials and their own tent.

It is free to participate and the Harvest Committee will choose the projects best suited for the event. Your Harvest Activity must be a fun kids activity and meet ALL of the guidelines...

- Activity must be FREE and suited to children. No sales.
- Must try to have a Harvest connection and be an activity or project
- Activity should not be an advertisement or promotion of the applicant. Of course have your banner and some materials, but the emphasis is on giving kids a fun activity.
- Trick or treat starts at 12 Noon.

NOTE: We will receive more applications than space allows, therefore acceptance into the event is not guaranteed. Applicants will be judged solely on the quality of their activity and appeal to neighborhood children. When describing your activity, please be as detailed as needed to convey the activity.
