SANITIZING OUR WAY TO SAFETY

Adding new resources to your safety arsenal to protect you and your people from exposure is paramount to today's environment. Our company was early to work with the "FDA Emergency Guidance for Industry" formula. Our product is an 85% alcohol sanitizing product for cleaning hands and surfaces. Our customers include WSP, SeaTac, Port of Seattle and many police departments, fire departments, FBI and hospitals throughout the Pacific Northwest. You can be confident our product is proven.

Our prices are competitive fluctuating only with the cost of the alcohol that is available for production.

4oz bottles - \$3.50	50 minimum
8oz bottles - \$6.00	50 minimum
16oz bottles - \$11.25	50 minimum
64oz bottles - \$38.50	6 minimum
128oz bottles - \$76.00	no minimum

Pump and spray top availability is limited

Our 85% sanitizer works fast its easily used as an effective hand sanitizer. It is a liquid so it makes an excellent surface disinfectant as well as hand sanitizer.
