

OFFICIAL ANNOUNCEMENT

State of Washington

Beginning June 26, every Washingtonian in an indoor public space, or in an outside public space when unable to physically distance from others, will be legally required to wear a face covering

Washington State Secretary of Health

Wearing a mask is one of the most effective things people can do to help prevent the spread of COVID-19.

As with previous orders, there will be specific exemptions for those who may be adversely impacted by wearing a facial covering. These exemptions include those with certain medical conditions and children under the age of two, who should not wear a face covering. Children aged two, three and four are encouraged, but not required, to wear a face covering in public with the assistance and supervision of an adult. In addition, individuals may remove face coverings under certain circumstances, including while eating or drinking at a restaurant; while communicating with a person who is Deaf or hard of hearing; and while outdoors in public areas, provided that a distance of six feet is maintained from people who are not members of their household.
